

RAHRIG'S 5TH GRADE ROBOTS

Hello to all of the Horizon Science Academy 5th grade students and parents!

In this syllabus, I will explain the weekly schedule of your students, homework policies and where to find the homework information, how I grade daily work/homework and my weekly quizzes and tests.

WEEKLY SCHEDULE

Monday, Wednesday and Friday: Students are in their homeroom all day.

Tuesday and Thursday: 5 E will be with Mrs. Rahrig

5 F will be with Ms. Walters

Friday: Students will be in their homeroom all day.

CLASS ASSIGNMENTS AND HOMEWORK DUE DATE

I have only **one weekly due** date for **all** classwork and extra credit homework for my students. It is **EVERY** Friday at 4:10 pm. The students get the entire week to work on all the math and science assignments I give in class. If an assignment is for 2 weeks, I post that information in Google Classroom.

Students are required to complete the assignments as indicated by their teacher. If an assignment is not completed by the due date, a grade of 0 will be entered into the grade book, with the comment, "Student had ½ week(s) to complete assignment, chose not to complete.

USERNAMES, PASSWORDS AND CLASS CODES

All usernames, passwords and class codes can be found in Google Classroom and the class website. These can be access by students on any device.

HOMEWORK ASSIGNMENT POLICY

Horizon Science does not assign homework. If you would like your student to have extra practice at home, you can have them log into their Xtra Math or Khan Academy account, where they will be able to practice different math skills, or math facts.

QUIZZES/TESTS

Every week I give a math quiz/test on the topic(s) we had been going over in class. Each quiz/test is worth 100 points.

At the end of the unit or topic there will be a test. It will have multiple choice, fill in the blank, short answer, essay questions, and matching.

If your student is absent for the quiz/test, they can make it up on their next day of school. The quiz/test **MUST BE MADE UP** as soon as possible, during the class' specials time or after school.

RAHRIG'S 5TH GRADE ROBOTS

If you have any questions about any assignments/procedures/projects/student progress you may contact me at the following e-mail address:

My school e-mail address: rahrig@hsace.org

My Google Voice number is: (614) 715-5939

The class website is: <https://lavalampschs.wixsite.com/robots>

I try and respond to any e-mails as quickly as I can, I usually have answered parent e-mails by 5:00 pm every day, or you may contact me through Class DOJO, which will be given out the first day of school in the information packet included with this letter. I look forward to a fun and productive year with all of my 5th grade students!

Sincerely,

Mrs. Rahrig

PLEASE SIGN AND RETURN

I and my student have read and understand the syllabus for Mrs. Rahrig's math and science class at Columbus Arts and Technology Academy. I and my student understand the requirements for my student pertaining to class and homework for the 2020-2021 school year. I and my student understand that there is homework everyday unless notified by Mrs. Rahrig, math homework is a MINIMUM of 120 minutes a week on Khan Academy and science homework is due Tuesday through Friday (no homework is given on Fridays), each assignment is worth 100 points. I and my student understand how my student will be graded and evaluated throughout the year. I and my student understand where homework information and print outs can be found in Mrs. Rahrig's classroom (homework wall).
